constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

## TORRE UP PLUMBING

**Prisoner Believes Feelings by Breaking Water Fixtures.**  
J. J. Sweeney, white, who was arrested by policeman Tucker on a charge of being drunk and disorderly on the street, became obnoxious in the First Police Station last night, and broke up all the water fixtures in his cell. The house officers experienced much difficulty in removing him to his cell, and a few minutes later there came to their ears the sound of rending and tearing. They ran to investigate, and found that Sweeney had broken off a long piece of pipe and had done other damage. He was promptly taken down into the dungeon, where it was impossible for him to do further damage. He became quiet there and went to sleep.

## FALLS FIFTEEN FEET

**J. T. Wall Loses Footing While Cutting Branches from Tree.**  
J. T. Wall, of North Carolina, an employee of the Richmond and Henrico Railway Company, fell fifteen feet from the top of a tree at St. James and Leigh Streets yesterday afternoon, but was not seriously injured.  
Wall was in the tree cutting away branches and limbs to make room for trolley wires, when he lost his footing and fell. His fall was broken by lower branches, and he was thus saved from serious injury. He was attended by Dr. Thurman, of the city ambulance corps, who treated him and took him home.

**Burns Prove Fatal.**  
Harriet Forrester, a colored woman, sixty-five years old, of 1441 J. Street, died at the City Hospital yesterday afternoon of burns. She fell into a fire at her home Tuesday afternoon, and was so badly burned that recovery was not expected.

**Supervisors Meet.**  
The board of the Henrico county magistrates met yesterday at a meeting of the Board of Supervisors, and other routine work was done.

## PINE CAMP'S WORK FOR AFFLICTED

Institution Cares for Needy Men and Women Stricken With Tuberculosis.

## ANNUAL MEETING IS HELD

List of Directors of Camp Society Added To—More Money Is Needed.

Reports submitted to the annual meeting of the Richmond Tuberculosis Camp Society, held last night at the Central Y. M. C. A. Building, showed that Pine Camp, located on city property in Henrico county, had been equipped and opened during the year, and that about twenty patients had been received for treatment, most of whom have shown marked progress since being transferred to life in the open air. James R. Gordon, vice-president, occupied the chair.

Miss Frances Scott spoke of the quiet manner in which the work had been undertaken, saying that few Richmond people knew that there is such an institution for the treatment of advanced tuberculosis in this vicinity.

**Treasurer's Report.**  
The report of Treasurer Fred W. Scott for the year showed contributions to date, \$9,976.12, interest at 6 per cent, \$170; total receipts, \$10,146.12. Disbursements: Building, \$6,783.56; food, wages, telephone, fuel and printing, \$638.58; water works, plumbing and sewerage, \$557.73; hospital supplies, furniture, bedding and household utensils, \$1,238.39; total, \$9,268.26. Balance, \$56.87; unpaid subscriptions, \$89; bills outstanding, \$1,052.22.

The secretary, Miss S. J. Minor, submitted her annual report, reviewing the work of establishing the camp. In February, 1910, application was made for use of twenty-five acres of land belonging to the city, situated in a belt of pine about a mile beyond Glinter Park. Building operations were begun in March.

The improvements consist of an administration building, which contains nurses' quarters, office, dining room, kitchen and a pavilion enclosed on three sides, facing south. In the center of this pavilion are the rest rooms and dressing rooms for patients, and on either side an open ward, containing ten beds each.

**Secretary's Report.**  
"Throughout the summer there were many delays, and not until November 28 was the camp opened with one patient. On December 1 there was a formal opening, when the camp was visited by many friends. There were many patients on the waiting list and the more courageous came right along, but the prospect of the cold winter out in the open made some withdraw."

"Sixteen have been admitted. Of these one man has died. He was almost in a dying condition when he came. This had such a depressing effect on the other patients in that ward that three men left. Two of them now wish to return, but the officers feel that they have thrown away their
